"I greet you this morning with a "Happy New Year." Another year, with its burden of record, has passed into eternity. We know not what that record is, and cannot know till the judgment. But a new year has commenced, and I feel like dedicating myself anew to God—soul, body, heart, and strength. A new page is turned. What shall be the record of this new year? What shall be its revelations in the history of the world? What shall be its revelation in our individual history?"
